

WEBSITE SAFETY (Oct. '07)

To explore the resources below, please copy and paste the URL onto your browser

- **Be Web Aware** - <http://www.bewebaware.com/>
Need parenting advice for Internet issues in your home? Ask an Expert You can send us your questions and concerns through our Ask an Expert section.
- **Child Safe International** - <http://www.childsafe.com/>
Put the Bite Back into the Fight for educating the public, parents, businesses, libraries, and schools about safety for children and family members. This is accomplished by empowering the public both in the general and online public, to make informed decisions in their use of the Internet, Electronic Entertainment, and other activities where children could be placed at risk. "
- **Child Safety on the Information Highway** <http://www.4j.lane.edu/safety/childtoc.html> -" Traditionally, online services have been oriented towards adults, but that's changing. An increasing number of schools are going online and, in many homes, children are logging on to commercial services, private bulletin boards, and the Internet. As a parent you need to understand the nature of these systems."
- **Childnet International** - <http://www.childnet-int.org/>
"help make the Internet a great and safe place for children"".
- **Childnet's Kidsmart Project** - <http://www.kidsmart.org.uk/>
